The New York State Motor Truck Association will be hosting their 1st Annual Town Hall Meetings during the month of February.

The Town Hall Meetings are an excellent way to stay informed regarding legislation, regulations, and general Association information. NYSMTA staff, as well as NYSMTA Board Members, will be on hand at each meeting to present the latest information pertaining to the Association's legislative efforts, updates on state and federal regulations, and provide information on the Association's programs and services. This is also a great opportunity to introduce non-members to the Association. Feel free to bring a guest at no charge!

The meetings are presented free of charge, providing NYSMTA members with a great opportunity to meet staff and Board members, and to make sure that your concerns and needs are being met. Meals will be provided at each meeting.

The meetings will be set up as an open forum with some of the items to be discussed being:

- Legislative Affairs
 - NYSMTA Government Affairs Committee
 - NYSMTA 2010 legislative agenda
 - NYS budget review
 - Update on State Regulations
 - DOT Proposed Reasonable Access Highway Regulation
 - DEC Diesel Emission Reduction Act Regulations
 - Update on Federal Regulations
 - Hours of Service
 - Electronic Onboard Computers
 - CSA 2010
- New York State Motor Truck Association
 - Overview of current programs and services
 - Update on program and service initiatives
 - Educational sessions

The Association is here for you, working for our members. We hope that you will be able to join us at one of the five meetings that have been scheduled!

NYSMTA Town Hall Meetings: *Please respond at least 5 days prior to the meeting you are attending!
Don't forget to check your meeting location!*
